Wynne, I think it best that we don't respond to folks for a few days. We may refer these to another division to address.
We've gotten several other messages from folks at HQs.--Vicky

Hi Karen,

Yesterday I received three calls from citizens asking to talk with someone about the Dimock, Pennsylvania issue.

I talked to Bill and he indicated that I could send their names and phone number to you. I've attached their names below. If you could call them back, we would really appreciate it.

Ex. 6 - Personal Privacy

Thanks so much for your help !!
